Guide for Hail Damage

Which Municipality do you live in?

The mailing address and zip code may not match the municipality the location is in.

For example, there are **five** separate municipalities with a Hudson address and zip code. (Properties in the following municipalities all have a Hudson, WI 54016 mailing address: City of Hudson, Town of Hudson, Town of Troy, Village of North Hudson, Town of St. Joseph.) Each municipality has its own ordinances and building inspector. You will want to verify in which municipality your property is located to determine whether your roofing or siding replacement requires a building permit. To determine this information, you can use the County land information websites:

St. Croix County land information website: [St Croix County, WI » WG Xtreme](#)

Pierce County land information website: <https://gis.co.pierce.wi.us/link/jsfe/index.aspx>

The following municipalities that All Croix serves do NOT require a permit to re-side or re-roof your house. (If the municipality is not on the following lists, the building inspector is not All Croix Insp.)

- | | | |
|----------------------|------------------------|--------------------------|
| Town of Baldwin | Town of Hammond | Town of River Falls |
| Village of Baldwin | Town of Hartland | Town of Salem |
| Village of Bay City | Town of Isabelle | Town of Somerset |
| Town of Clifton | Town of Kinnickinnic | Village of Spring Valley |
| Town of Eau Galle | Town of Maiden Rock | Village of Spring Valley |
| Town of Ellsworth | Village of Maiden Rock | Town of Springfield |
| Village of Ellsworth | Town of Martell | Town of St Joseph |
| Village of Elmwood | Town of Oak Grove | Town of Trimbelle |
| Town of Erin Prairie | City of Prescott | Town of Union |
| Town of Gilman | Town of Richmond | Village of Wilson |

The following municipality DOES require a permit to re-side or replace roofing:

Village of Roberts

The application is found on the All Croix Website: <https://www.allcroix.com/copy-of-residential-additions-remod>

Wisconsin Uniform Dwelling Code: [Wisconsin Legislature: Chapter SPS 321](#)

Chapter SPS 321.24 speaks of exterior wall covering requirements. [SPS 321.24](#)

Chapter SPS 321.28 speaks of the requirements to provide weather protection for roofs. [SPS 321.28](#)

Materials installed should meet the standards listed in these sections of the code. These materials should be installed per the manufacturer’s instructions to uphold the product’s warranty.

Specific questions or circumstances not addressed within these code chapters may be directed to the building inspectors.
